

**Key:**

StrataBit Capsheet	
StrataBase Underlay	
StrataVap Air & Vapour Control Layer	

**Construction Notes:**

A visible bead of bitumen should exude from the side and end laps during the application of bitumen membranes.

The system build-up and application should adhere to the STRATA issued specification.

All surfaces must be clean, dry, and suitably prepared to accept the waterproofing system.

All details should be installed in full compliance with the most up-to-date NHBC Standards, BS 8217, BS 6229, and STRATA recommendations.
